#### Instructions

- 1. The individual completing MVT 41-1 must verify Vehicle Identification Number (VIN) and other vehicle information using information obtained from the outstanding certificate of title and the vehicle being reported as salvage. If a discrepancy in the VIN is found, the owner, in whose name the title is currently issued, must obtain a corrected certificate of title prior to the submission of the MVT 41-1.
- 2. The owner information area must be completed using the name of the individual or company that is obtaining the salvage certificate of title. Individuals must be listed by their last name first, followed by their first name and then middle initial. Any suffixes such as Jr., Sr. or the III must be listed after the name. The owner's current mailing address must be listed.
- 3. The lienholder information should be completed only when there is an outstanding lien on the vehicle. If a lien recorded on the outstanding certificate of title has been satisfied, a lien release must be provided, unless released on the certificate of title in the space provided.
- 4. The owner's authorization for special mailing section may be completed only when there are no outstanding liens on the vehicle. If a lien is recorded, then the certificate of title will be mailed to the recorded lienholder regardless of whether the special mailing authorization is completed.
- 5. When the owner (individual or company) making application for a salvage certificate of title is either uninsured or self-insured, **SECTION A of the MVT 41-1 must be completed and signed by the applicant.** If the total loss was due in part to water damage, the owner must check the appropriate block in Section A to disclose this fact. If the vehicle is "Junk" or to be "Sold For Parts Only" the applicant must check the corresponding block in Section A to disclose this fact. The applicant must also disclose where the total loss occurred.
- 6. When an insurance company has declared the vehicle to be a total loss, and paid compensation to the owner, SECTION B must be completed and signed by an authorized representative of the insurance company. The authorized representative must disclose whether the insurance company is making application for a salvage certificate of title, or the owner is retaining the salvage on the vehicle, by marking the appropriate block in SECTION B and completing the OWNER INFORMATION accordingly. The authorized representative must also disclose where the total loss occurred.
- 7. When an insurance company has declared the vehicle to be a total loss, due in part to water damage, the authorized representative must check the appropriate block in Section B to disclose this fact. If the vehicle is "Junk" or to be "Sold For Parts Only" the authorized representative must check the corresponding block in Section B to disclose this fact.
- 8. The outstanding certificate of title for the vehicle must be provided with the MVT 41-1. If the vehicle is being transferred to an insurance company as a result of a total loss, the titled owner must properly assign the vehicle to the insurance company.
  - 9. A vehicle which is declared junk or to be sold for parts only can not be rebuilt or retitled in Alabama.

### Exemptions

- (1) Effective January 1, 2012, no certificate of title shall be issued for any manufactured homes, trailer, semi-trailer, travel trailer, or folding or collapsible camping trailer more than twenty (20) model years old. This exemption is applicable on January 1 of each year and applies to all manufactured homes, trailers, semi-trailers, travel trailers, and folding or collapsible camping trailers with a model year, as designated by the manufacturer, older than twenty (20) years from the current calendar year. All utility trailers, other than folding or collapsible camping trailers, are still exempt from titling regardless of the year model.
  - Example: As of January 1, 2012, all 1991 and prior year model manufactured homes, trailers, semi-trailers, travel trailers, and folding or collapsible camping trailers are exempt from the titling provisions of Chapter 8, Title 32, *Code of Alabama 1975*.
- (2) Effective January 1, 2012, no certificate of title shall be issued for any motor vehicle more than thirty-five (35) model years old. This exemption is applicable on January 1 of each year and applies to all motor vehicles with a model year, as designated by the manufacturer, older than thirty-five (35) years from the current calendar year.
  - Example: As of January 1, 2012, all 1976 and prior year model motor vehicles are exempt from the titling provisions of Chapter 8, Title 32, Code of Alabama 1975.
- (3) Effective January 1, 2012, no certificate of title shall be issued for a low speed vehicle. A low speed vehicle is defined as a four-wheeled motor vehicle with a top speed of not greater than 25 miles per hour, a gross vehicle weight rating (GVWR) of which is less than 3,000 pounds and complying with the safety standards provided in 49 C.F.R. Section 571.500. The term includes neighborhood electric vehicles.
- NOTE: The exemption from titling does not invalidate any Alabama certificate of title that is currently in effect. However, no subsequent title, including a salvage certificate of title, can be issued if the vehicle is exempt from titling.
